WEB PERSON

TOM SZWAJA

IN A NUTSHELL

I code, design and write to create humane technology.

I want to work on something meaningful in a part-time, remote position.

- ❤ open communication
- Collaboration > solo achievements
- People, not users

SKILLS

- Design and build websites and apps
- Create wireframes and prototypes
- Organize and present knowledge
- Write accessible technical texts

BACKGROUND

BUILDING SITES AND APPS

COLLABORATIVELY AND SOLO | SINCE JULY 2022

Building websites using a *Static Site Generator (SSG)*
⚒ Tools: *Astro.js, UNO CSS, Builder.io, Figma*

Developing an *Augmented Reality (AR) app* for an art collective
⚒ Tools: *MindAR.js, A-Frame.js*

Developing and polishing a shopping app including UX research
⚒ Tools: *Vue.js, Tailwind CSS*

FRONTEND DEVELOPER

EMILIA (NOW "MELLI") | FEBRUARY - APRIL 2022

Designed and implemented frontend features
⚒ Tools: *Vue.js, UNO CSS, Figma*

Wrote and edited documentation
❋ Topics: work processes and toolchains; how we use *Git* and *SCRUM*; how to set up our proprietary devices for testing

Helped the team switch to *SCRUM*
✓ Tasks: mediated between management and developers; researched software tools; documented and presented findings

CONTRIBUTING TO OPEN SOURCE PROJECTS

VARIOUS | SINCE OCTOBER 2021

- **Researched technologies**: how *Deno* imports modules
- Suggested and implemented a design to **improve accessibility for colorblind people**.
- Highlight: **Wrote a guide for *Astro***

FULLSTACK WEB DEVELOPMENT BOOTCAMP

SPICED ACADEMY BERLIN | MAY - JULY 2020

- **Implemented the frontend** in the final project using *React*.
